## Field Visits & Educational Tours

### 1. Visit to Vasudhara Dairy (13 June 2018):

16 students from economics department under the guidance of Smt H N Desai visited the dairy.

#### Objective:

- To understand the dairy production process.
- To learn about quality control and dairy product manufacturing.

#### Activities:

- Overview of Vasudhara Dairy and its operations.
- Walk through the processing plant to see how milk is pasteurized, homogenized, and packaged.
- Learn about the testing and quality assurance processes to ensure milk safety.
- Knowing about various dairy products produced at Vasudhara Dairy.

#### Learning Outcomes:

- Knowledge of the dairy supply chain from farm to consumer.
- Understanding of the importance of hygiene and quality in dairy production.
- Insights into the variety of products derived from milk.

### 2. Visit to Agriculture College Navsari (14 August 2022):

23 students visited with Smt R.B.Naik

#### Objective:

- To explore educational opportunities in agriculture.
- To learn about modern agricultural techniques and research.

#### Activities:

- **Welcome Session:** Introduction to the college and its courses.
- **Campus Tour:** Visit classrooms, laboratories, research fields, and greenhouses.
- **Demonstrations:** Observe modern techniques like hydroponics, organic farming, and drip irrigation.

- **Interactive Session:** Q&A with professors and students about agricultural innovations and studies.

### **Learning Outcomes:**

- Exposure to educational paths and careers in agriculture.
- Understanding of cutting-edge agricultural practices and technologies.
- Awareness of ongoing research and its applications in agriculture.

### **3. Visit to Amar Farm Nursery Doldha (January 2023):**

53 Students visited with Smt M B Chauhan

### **Objective:**

- To learn about plant propagation and nursery management.
- To understand sustainable horticultural practices.

### **Activities:**

- Seeing of the nursery and its operations.
- Explore different plant species, including ornamental and medicinal plants.
- Participate in planting seeds or caring for saplings.
- Discuss horticulture practices and sustainable management with nursery owner Shri Thakur.

### **Learning Outcomes:**

- Knowledge of various plant species and their propagation methods.
- Practical experience in planting and nurturing plants.
- Understanding the importance of sustainability in horticulture.

### **Preparation Tips for Each Visit:**

- **Notebooks and Pens:** For taking notes and jotting down observations.
- **Cameras/Phones:** For taking pictures (where permitted) to document the visit.
- **Questions:** Prepare a list of questions to engage with the experts and staff
- **Behavior:** Emphasize the importance of respectful and attentive behavior during the tours.

### **Post-Visit Activities:**

- **Discussions:** Group discussions to share experiences and key learnings.
- **Reports:** Written reports on each visit, highlighting observations and insights.
- **Presentations:** Group presentations to showcase what they learned during the visits.

These visits, spread across different years, provide a comprehensive learning experience in various aspects of agriculture, dairy production, and horticulture.
